PERSONAL MESSAGE FROM COUNCILLOR SANDRA YEUNG RACCO

Dear Friends:

I am happy to extend my warmest congratulations to Xinflix Media Inc. on their organization of the 2018 WLF East-West Kickboxing Return Battle. With athletes competing from both China and Canada, the previous year events launched to an onsite viewing audience of 4,000 spectators and to approximately 30,000 live-streaming viewers.

The 2018 WLF East-West Kickboxing Return Battle is a great event for promoting cultural exchange through sport to a large viewing audience. This competition presents an ideal opportunity for facilitating the development of good character, leadership and sportsmanship, thereby encouraging friendship and cultural cooperation through sports.

I extend my sincere congratulations to the many volunteers and organizers for their commitment to making this year's returning battle a success, and I wish this year's competitors a memorable and enjoyable event!

Yours very truly,
